Subject: FW: Additional Information on Federal Identity Theft Task Force

We should tax the person on the amount stolen and have a mandatory restitution to the victim in a wage assignment until amount taken is paid in full. No statute of limitation will apply.

Subject: Additional Information on Federal Identity Theft Task Force

Dear Suzanne Kile-Phillips,

We have had several inquiries regarding how to and when to file comments. We hope the following information is helpful:

On the last page of the recommendations there are instructions to file comments electronically or by Mail or Hand Delivery. If comments are filed electronically they can email the comments to [Taskforcecomments@idtheft.gov](mailto:Taskforcecomments@idtheft.gov); if they choose to mail or hand deliver their comments a comment filed in paper form should include "Identity Theft Task Force, PO65410", both in the text and on the envelope and should be mailed or delivered to Federal Trade Commission/Office of the Secretary, Room H-135 (Annex N), 600 Pennsylvania Avenue, NW, Washington, DC 20580. The Task Force requests that any comment filed in paper form be sent by courier or overnight service, if possible. They strongly suggest filing comments on line.

The deadline for filing comments is January 19th.

THE FOLLOWING IS THE CONTENT OF THE ORIGINAL NOTICE:

The President's Identity Theft Task Force announced that it is seeking public comment on various possible recommendations to improve the effectiveness and efficiency of the federal government's efforts to reduce identity theft. The Task Force is chaired by Attorney General Alberto R. Gonzales and co-chaired by Federal Trade Commission Chairman Deborah Platt Majoras and participants include the Securities and Exchange Commission and other federal agencies.

In preparing to produce a final strategic plan to the President, the Task Force is considering, among other things, various ways to improve the coordination and effectiveness of criminal prosecution of identity theft, to enhance data protection for sensitive consumer information maintained by the public sector, private sector, and the consumer himself or herself, and to provide more comprehensive and effective guidance for consumers and the business community. The Task Force also is considering ways to improve recovery and assistance for consumers following a breach or misuse of their information.

For a summary of issues being considered by the Task Force and instructions on how to submit comments, please visit the Department of Justice's web site at <http://www.usdoj.gov/ittf/> or the Federal Trade Commission's website at <http://www.ftc.gov/bcp/edu/microsites/idtheft/taskforce.htm>.

The Task Force has been working diligently since its inception in May 2006 to develop a comprehensive strategy for steps the federal government can take to combat identity theft (<http://www.usdoj.gov/ittf/>).
